! VOLUNTEERISM !

Something Jack McSheehey was practicing long before most people knew what it meant.

During the 37 years he has lived in Plaistow he has been involved with:

Boy Scouts
Plaistow Youth Hockey League
Pollard P.T.A.
Plaistow Volunteer Fire Dept.
Cemetery Committee
Timberlane Band Association
Pollard Band Aids

Plaistow Lions presented him the opportunity to volunteer for many other projects:

As King Lion he was chairman of building the Gazebo in the Town Hall Park.

Also chaired other projects such as
Installation of "Lights on the Green",
Benches for Pollard Park
Fireworks for Old Home Day
Santa's gifts for children
Sheds for Earl L. Smith Recreation Field

He was recognized as a recipient of the Melvin Jones Award

Married for 37 years to Tammy and they are parents of four children: Colleen, John P., Diane and Nancy and have five grandchildren.

Thanks Jack for the many hours you have given to the Town and all its people, and especially your love of helping children.

INDEPENDENT AUDITOR'S REPORT

PROFESSIONAL
ASSOCIATION
ACCOUNTANTS
AND AUDITORS

April 19, 1994

Board of Selectmen
Town of Plaistow
Plaistow, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Plaistow, New Hampshire, as of December 31, 1993 and for the year then ended. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group, which should be included in order to conform with generally accepted accounting principles. The amounts that should be recorded as general fixed assets are not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Plaistow, New Hampshire, as of December 31, 1993 and the results of its operations and the cash flows of its nonexpendable trust fund types for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying combining and individual fund financial statements listed as supporting schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Plaistow, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Respectfully submitted,

Mason + Rich P.A.

April 19, 1994

To the Selectmen
Town of Plaistow
Plaistow, New Hampshire

In planning and performing our audit of the financial statements of the Town of Plaistow, New Hampshire for the year ended December 31, 1993 we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we became aware of matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comments and suggestions regarding those matters. This letter does not affect our report dated April 19, 1994 on the financial statements of the Town of Plaistow, New Hampshire.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various Town personnel and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters or to assist you in implementing the recommendations.

Respectfully submitted,

Mason + Rich P.A.

April 19, 1994

Board of Selectmen
Town of Plaistow
Plaistow, New Hampshire

We have examined the Plaistow Tax Collector's Report and Report of Tax Lien Accounts for the period January 1, 1994, through March 12, 1994.

Our examination was made in accordance with generally accepted auditing standards applicable to cash transactions and, accordingly, included such tests of the records as we considered necessary in the circumstances.

In our opinion, the exhibits referred to above present fairly the activity in the accounts arising from cash transactions for the period January 1, 1994, through March 12, 1994.

Respectfully submitted,

Mason + Rich P.A.

REPORT OF TOWN AUDITOR

I have examined the various payment and receipt records in the Town of Plaistow for the year ended December 31, 1994.

In my opinion, while the examination is not complete, the accounts are kept in accordance with accepted accounting procedure.

Respectfully submitted,

LeRoy S. Dube, Auditor

REPORT OF BOARD OF SELECTMEN

The beginning of 1994 was spent preparing for the March town elections and meeting and battling unusually heavy snow storms which wreaked havoc on the Highway Department's budget.

Then the 1994 tax year began April 1 and with a "toss of the coin", George Melvin joined the Board of Selectmen. We also welcomed Carrie Chooljian, Welfare Director, Kristina Emond, Director of Family Mediation, and Mary Ellen Pelletier, Deputy Town Clerk.

Donald Whitman resigned as Town Manager in July after working for the town for 2 1/2 years. Everyone banded together to try and keep Plaistow government on track. Selectmen hired the New Hampshire Municipal Association to help in the search for a new Town Manger. Meanwhile, short and long-term goals had to be set in motion.

Police Chief Steve Savage volunteered to continue the bi-monthly Department Head meetings which had been initiated by Mr. Whitman. From these meetings, concern over problems with the Town Hall computers surfaced and a Computer Committee was formed to study the town's need and the cost involved.

Spring and Fall cleanups at the Landfill went well and we had a successful Household Hazardous Waste Day with State grant money to help bear the cost.

Mr. Whitman had begun research for a grant from the Office of State Planning, Concord, NH, for a feasibility study to make the Town Hall handicapped accessible and thereby in compliance with the Americans with Disabilities Act. Selectmen Chairman Mary Collins, with the help of the Rockingham Planning Commission, and Police Chief, Steve Savage succeeded in obtaining \$6,000.00 in grant money for the feasibility study which is anticipated to take place in 1995.

We said a sad farewell to Terry and George Bourque, who moved from Plaistow to Manchester to be near their family. They were honored by the Knights of Columbus for their good works and a reception was held for them at the Vic Geary Center. We wish them well and look forward to future visits from them.

Revision of our Personnel Plan was completed. The Plan needed to be updated to bring it in line with the new laws so that all of our employees are treated fairly. With the help of those affected by the Plan and our Police Chief, the Plan was reviewed, necessary changes were made, and it was accepted by the Board of Selectmen.

An engineering study was done by Marchionda Associates on drainage problems at the Cemetery. The work is to be done next

spring and we are hopeful it will relieve the puddling that occurs during heavy rains and Spring thaws.

Forrest Street was repaved and widened with a lower speed limit set for safety reasons. A small section of the road near Route 108 still needs to be repaved and widened and this work should be completed in 1995.

The first phase of the repairs on the Town Hall are almost complete. The winter weather would not permit full completion so the remaining money from the 1994 warrant article was encumbered for use in 1995. The first phase on the west side consisting of cleaning and pointing the bricks, repairs to the roof and necessary painting of Town Hall trim will be completed in the Spring in time for the Town Hall's 100th Anniversary on May 27, 1995. The 1995 warrant article for the second phase of the project includes brick and gutter work and painting on the east, north, and south sides of the building.

A lovely red maple tree is standing on the Pollard Green as a result of a donation by the Knights of Pythian and Pythian Sisters. Many will enjoy its beauty for years to come.

Ken Thurston was appointed to head a committee to study the needs of the town for a new Solid Waste Contract for 1995. The contract was awarded to Browning-Ferris Industries.

Our court case with Cash Energy continues. There is a possibility that the site may be placed on the Federal Superfund List and the Environmental Protection Agency may begin Emergency Removal Action to rid the site of contaminated soil piles. The State Department of Environmental Services (DES) continues to monitor the site and has hired an engineering firm to do further characterization studies.

We share your concern over the increase in the tax rate. We will be studying the need for revaluation of all properties in Plaistow to ensure fair assessment value for everyone. We have been, and are, faced with unanticipated abatement requests covering more than one year per request from all sectors. The largest abatements being requested are from commercial and industrial properties. At the present time, these requests are in the hands of the state Board of Tax and Land Appeals and Superior Court. When we make a decision on revaluation, we will also be deciding on new computer software that will enable the Tax Assessor to update the assessment on properties yearly. We will keep you informed.

Lastly, after six months of thorough searching, the Board of Selectmen hired a new Town Manager. Robert Belmore comes to us from Dover, NH. Bob will be moving to Plaistow with his wife, Marcia, and their three children. Bob's last job was that of Town Administrator in New Durham. He brings with him knowledge

of New Hampshire town government and laws and we feel most fortunate to have him as our Town Manager. We look forward to many years of working with Bob for the people of Plaistow.

We wish to express our sincere thanks to all our employees for dedication to their work and to Plaistow. Everyone worked together during a difficult time when we were without the direction of a Town Manager. Also, thank you to all who volunteered their services to help make Plaistow a truly special place.

Respectfully submitted,

Board of Selectmen
Mary M. Collins, Chairman
Lawrence W. Gil
Charles L. Blinn, Jr.
Delorse G. Ackerman
George K. Melvin

REPORT OF TOWN MANAGER

I am very honored to have been selected as Plaistow's new Town Manager. I want to thank the Board of Selectmen for their vote of confidence regarding my hire. The Board's many hours of toil reviewing resumes and interviewing candidates is just one example of their dedication to their position and caring for the community.

Prior to taking office on January 23rd, 1995, I've had occasion to attend meetings with the Selectmen, Budget Committee, and town department heads. On reflection, it is clear that they all have the same important mission at heart: to deliver affordable, quality municipal services by ensuring effective and efficient daily operations of our town government.

Our job is truly to serve our citizen - customers. With this mission statement in-hand, I look forward to working with (what I have found to be in a very short time) a team of dedicated and hard-working department heads, employees, elected officials, and volunteers. We will need to continue to work together in order to provide important public services to you and meet the challenges ahead as we prepare Plaistow for entry into the 21st Century.

As we move forward, we ask for continued citizen support and participation for the betterment of our community.

Sincerely,

Robert M. Belmore
Town Manager

REPORT OF THE POLICE DEPARTMENT

Herein, I submit the Annual Report of the Plaistow Police Department for review by all interested parties. This Report, as in past years, reflects a three-year Comparative Analysis of our activities as well as an explanation of accomplishments for 1994.

During 1994, our 21 full and part-time police officers participated in 2,874 training man-hours. Courses taken to minimize our exposure to vicarious liability included:

Crime Scene Response	Legal Aspects of Disciplining
DWI Seminar	Community Policing
Firearms Recertification	Motor Vehicle Homicide
Intoxilyzer Recertification	Handgun Retention
Computer Software	Problem Shooter
Warrants & Complaints	Basic Prosecutor
K-9 Academy	Child Abuse
Narcotics Seminar	Civil Liability
Domestics & Family	Community Relations

Our training programs are scheduled by Officers Glenn Miller and Thomas Hawthorne, both capable state-certified firearms instructors. All of our firearms training was conducted at our Training Area located at the rear of the Town Landfill. This type of training always seems to be well-received by our staff.

In 1994, the D.A.R.E. program in the Timberlane School District expanded with the training of Officer John Tetreault from the Atkinson Police Department (part-time officer in this Department). The plan of this Department is to make D.A.R.E. available to all fifth-graders in the District. Additionally, in 1995, Sergeant Kathleen Jones will attend Middle School D.A.R.E. training in Virginia under state grant. The Department is thrilled with the quality of the D.A.R.E. program and the potential for program expansion, while remaining cost effective to taxpayers. We were also extremely pleased to be the recipient of a \$2,500.00 grant from the Rockingham County Commissioners for D.A.R.E.

In 1994, our Special Investigations Unit, comprised of Lieutenant Thomas Bourque and Sergeant Kathleen Jones,

investigated 115 cases which resulted in 57 arrests, an increase from 69 cases and 50 arrests last year. Our Federal grant for an additional full-time police officer did not materialize in 1994, thereby necessitating turning back the local dollar match. However, in 1995, with the new Clinton Crime Bill, our original application is being reconsidered and the possibility of a grant award is promising. We will therefore budget again for the position in 1995. The new officer acquisition will allow us to transfer a more experienced officer into the Special Investigations Unit to assist in the ever-increasing caseload. Also, of special note, is that the Unit conducted one tobacco and one alcohol "sting" during the year in an effort to check the compliance of our business community to state laws.

Also, during 1994, the Department took a quantum step forward with the approval of a Warrant Article for Computer Software. During the summer/fall of 1994, we began intensive training for conversion. As this report is being prepared, the Communications Center is fully operational with Computer-Aided Dispatch and all officers are utilizing the new Case Management Records system. Because of the tax increase experienced in 1995, we are significantly modifying our Computer Software/Hardware request or Phase II. Our plan is to purchase only hardware in 1995, (approximately \$9,000.00) and extend the plan out to year four (4) our final phase.

In 1994, we applied for a three (3) year Federal matching grant for an additional full-time police officer on a 75% - 25% basis. We drafted a warrant article to cover our portion of the first year's cost which passed and was strictly contingent upon the award. During the year, we did not make the second round, did not receive the grant, and subsequently returned the funds. Recently, we were notified that our old application was being reconsidered in light of the President's new Crime Bill. In 1995, we intend to again ask voters to approve a similar warrant article contingent upon grant approval. It would be our intention to hire from within for this position, transfer a more experienced officer to Special Investigations, and expand our D.A.R.E. role. Our intention to rotate the Detective position through our full-time officer ranks remains unchanged.

In 1994, Officer Alec Porter completed the basic Canine Training Academy with his new partner, Rajah, at the New Hampshire State Police Canine Course. We are planning to send the team to Canine Drug Detection school in 1995 for eight (8) weeks.

Also, during 1994, we implemented a Victim/Witness Advocacy Program largely through the efforts of Sergeant Kathleen Jones. The volunteer Program has been in the planning stage for

at least two years. The civilian position is one that requires a college degree and enormous sensitivity to victims of all crimes. Vanessa Underwood of Plaistow was selected as the volunteer Advocate, devoting eight hours a week on cases assigned by Lieutenant Thomas Bourque and Sergeant Kathleen Jones which requires contact with victims to provide support. This follow up contact is virtually impossible for officers on a case-by-case basis. The department is pursuing a Federal three year grant for the eventual support of the position in a future year.

During 1994, we continued to work on the major project of Police Department State Accreditation. The project is on-going, will continue over a number of years, and minimally involves the complete rewriting of all operational manuals. We had hoped to be able to achieve External Evaluation by an outside team of professionals in 1994, but learned early on that the goal was far too unrealistic. We will continue to work on the project in 1995

Another ongoing project for the Department during the year, and into 1995, is the preparation for state-wide E-911. The computer mapping of all our streets and buildings have been completed by a State team. The next phase will involve Fire Chief Donald Petzold and I to review the data, make corrections, make joint recommendations to the Board of Selectmen, and move forward to full implementation. The target date for start up is July 5, 1995. All residents and businesses are required to post their respective buildings with numbers which are visible by emergency vehicles from the street. The Department is quite enthused by E-911 and think that our "customers" will benefit greatly.

In late 1994, we learned that Officer Steven Ranlett was accepted by the New Hampshire Police Standards & Training Council to be a Staff Member to a Recruit Academy Class in 1995 for twelve weeks. The honor is one that is not taken lightly and should be viewed by all as staff development.

Always a source of pleasure is our Communications Center supervised by Communications Supervisor Lucia Cusimano. Her dispatchers competently handle a stressful environment for both Plaistow and Atkinson residents 24-hours a day, seven days a week. The daily tasks of our personnel in this vital link to residents are complicated by handling "emergency traffic" for both police and fire, a daunting feat to be sure.

In 1994, the Communications Center handled 4,111 calls for service for the Atkinson Fire Department and 11,162 calls for service for the Atkinson Police Department for a total of 15,273, an increase of 953 calls over 1993.

The Department would not enjoy the kinds of success or quality of department service without the support of Secretaries Eileen Shields and Nancy Hetherington. Both are extremely competent and a pleasure to have as employees.

I wanted to take the opportunity to thank one of our employees who is truly "invisible" to the general population. Custodian Ray Florin, over the year, has had to literally "take care" of all of us and he is deeply appreciated and respected by all of us. He goes about his daily rituals displaying an admirable sense of humor and the patience of a saint.

In 1994, our Operations/Patrol Division handled a multitude of calls for service. Our Burglary rate jumped 22%, Thefts rose 14%, and Auto Thefts increased 31%.

Our officers experienced a drop in DWI arrests of 39% which seem to parallel state-wide trends. Additionally, our reported Assaults dropped by 25% while reported Criminal Mischief (vandalism) rose by 5%.

Reported Motor Vehicle Accidents increased by 16% although a drop of 2% was the case for Traffic Citations issued. Our false Alarm Calls rose a whopping 41% for both residential and commercial. Over the years, these types of calls have steadily climbed, causing the Department to consider some type of false Alarm ordinance in a future year. The overall Calls for Service for the Department increased 20% and remain quite high in comparison to the same period in 1993. Court cases dropped 4%, Adult Arrests dropped 23%, but Juvenile Arrests increased 31%. We believe the increase in Juvenile Arrests is largely due to lack of parental supervision, lack of acceptable family role models, and a dysfunctional family structure.

It is appropriate at this point in the report to commend all uniformed officers of the Department for the manner in which they respond to their daily tasks. They must always balance the needs of a small community experiencing severe growing pains with issues of officer safety. They constantly are reminded of being conscientious to citizens without unduly placing themselves in harm's way. Because the average tenure for both full-time and part-time officers in Plaistow is 7.15 years, I believe the fact speaks favorably to the kind of positive relationship that exists between the community and department members.

1994 was a productive year for the Department for the reasons set forth in this report. All of us expect no less for 1995. Residents and taxpayers are to be commended for their financial support and their willingness to allow the Department to be creative and innovative in spite of fiscal adversity. You,

after all, are what makes the town of Plaistow an enjoyable place to professionally thrive. All of us, as employees and residents, must, however, remain focused and committed in 1995 to improving service. Improved service comes from a willingness to work together in spite of divergent views.

Respectfully submitted,

Stephen C. Savage
Chief of Police

REPORT OF THE FIRE DEPARTMENT

I would like to take this opportunity to thank the officers and fire fighters of the Plaistow Fire Department. The residents of Plaistow, as well as those who happen to pass through our town, are extremely fortunate that such a dedicated and loyal group of individuals have committed themselves to answering their neighbors' call for help. The number of hours each member willfully volunteers can only be appreciated by their family, for every moment given to the Department is a moment not spent with their loved ones. The hours spent in actual response to alarms is only a small portion of the time given by each member. Training, meetings and general equipment maintenance take up so much more time, that it seems many have a second home at the firehouse. The evolving complexities of the fire service requires perpetual training to ensure we are able to respond to the constantly changing hazards that present themselves on a routine basis. Without their dedication and enthusiasm, we could not continue to provide the community with the exceptional level of service that has become a tradition in the Town of Plaistow. In 1994, we responded to 563 alarms, the greatest number of alarms in the history of the Department. Through their dedication, we continue to remain a "CALL" department, even as the residential and business populations expand and place an increased demand for our services. I am sincerely honored and proud to be a part of this very special and talented group. We appreciate your continued support and commit to providing the town with the finest possible service.

A few highlights from the past year included the addition of the Rescue Truck approved at the 1993 Town Meeting. The new unit was delivered in January of 1994 and was put into service in mid-February. In addition to the Rescue Truck, the department took delivery of a new Forestry Truck, replacing a very tired 1942 Chevrolet utility vehicle. This piece offers a versatility that we did not have with its predecessor. Not only will it be used to respond to brush fires, but it has been equipped with basic medical supplies and on several occasions has been used as a backup to the Rescue Truck when multiple medical calls have occurred simultaneously. I would like to mention that donations made by the Firemen's Association and Ladies Auxiliary constituted nearly 50% of the total cost of this vehicle, including purchase of after-market equipment necessary for the vehicle to perform its various intended functions.

With the increasing potential of a hazardous materials incident in the area, Plaistow joined the newly formed Southeastern New Hampshire Hazardous Material Mutual Aid District (SNHHMMAD). Membership in this district provides an increased resource base, both in manpower and equipment, to respond to this

very real threat. The annual membership fee pales in comparison to the potential cost that could be incurred by an individual community in responding to even a relatively minor HazMat incident.

There are a couple of "standard" issues that have earned an annual mention in this report. The first pertains to the use of smoke detectors. Quoting state and local ordinances is probably the most ineffective method of promoting one of the least expensive life-saving devices available to the general public. Study after study indicates SMOKE DETECTORS, WHEN PROPERLY INSTALLED AND MAINTAINED, SAVE LIVES . . . EVERYDAY! We continue to find where smoke detectors have been installed which have either been disconnected, removed or contain dead batteries. The risk of serious injury and substantial property loss is increased dramatically whenever one of these detectors is not maintained properly. Please, for your own well-being and that of your family, install and maintain smoke detectors in your home.

Another issue deals with clearly identifying your residence. There have been several occasions where precious moments were wasted during the response effort when we could not find the location of the call. The importance of VISIBLE numbers, that contrast with their background (i.e. white reflective numerals on a black background) cannot be stressed enough. The next time you drive down an unfamiliar street, see how many house numbers you can easily locate and identify, only then will you realize the importance of ensuring your house is clearly identified. Help us BEFORE you need our help, install visible, contrasting house numbers where they can be seen, preferably beside the front door. If in doubt or have any questions, call the Fire Department non-emergency number (382-5012). If you have already done this THANK YOU, then survey your neighbor's numbers and suggest they do the same, as we will use their house to target your location.

We are beginning to see an increase in the number of residential carbon monoxide (CO) detectors installed in town. These devices warn the occupants when the level of CO exceeds a specific level, typically before a life threatening situation is at hand. We urge you to follow the manufacturer's recommendations if your detector alarms. DON'T HESITATE TO CALL THE FIRE DEPARTMENT IF YOU SUSPECT A SERIOUS PROBLEM.

Hopefully this will be the last year that I have to remind the newer residents in town who may have come from an area serviced by a "911" system that Plaistow DOES NOT have 911. At the present time, preparations are in process to bring 911 to the area and we anticipate this service to be in operation later this year. Until the system is functional, the following seven digit

emergency numbers must be used to get emergency assistance: 382-8512 (Fire/Ambulance) or 382-1200 (Police).

Respectfully submitted,

Donald Petzold, Chief
Plaistow Fire Department

REPORT OF THE CODE ENFORCEMENT OFFICER

The Building Department has been kept very busy in 1994. I had hoped for more commercial and/or industrial development the past year because it has always been a positive impact on the overall tax base but as you can see below we had no commercial or industrial growth.

Although, usually, no monies are generated enforcing zoning violations, many hours are dedicated every week by this office dealing with everything from illegal home occupations, junk cars, illegal business, neighbor disputes, etc. Forty eight (48) cases were documented in 1994 and I would like to say that each one was handled with a phone call but I cannot. Some required many trips to the site and letters to property owners. Some cases are still pending as we go into the new year.

Building related activities are the biggest revenue making items in this department so we must direct most of our energy to these, when possible. Especially during the peak season from April to December. Although no department is expected to pay for itself, this department has managed to bring in close to \$40,000 in revenue verses a \$57,000 budget.

We expect 1995 to be a better year based on current approved plans and proposals now in front of the Planning Board.

Training has always been an important part of having a responsible building department and it will continue to be a priority. The codes I am required to enforce change on an annual basis and I must keep up to be effective. In 1994 I was re-certified as a Building Inspector and a Building Plan Reviewer.

Please accept for your review my annual report for this office.

BUILDING DEPARTMENT 1994 YEAR END REPORT

REPORT OF PLANNING BOARD

Michael Emmons and Tim Moore were re-elected as Chairman and Vice Chairman in April of 1994, Ronald Charette was appointed as a full member until March of 1995 and Robert Gray as an alternate.

Currently for the March 1994 ballot, the Planning Board has 6 proposals to amend the Zoning Ordinance of the Town, which addresses the following topics: amendments of definitions to add industry small and park and ride; amendments of home occupation, signs, planned residential development; amendment to add a new article on in-law apartments; amendment to renumber and classify current zoning regulations for purposes of orderly reference.

One amendment to the Building Codes, proposed by the Building Inspector adding new fees for Mechanical Permits for residential, commercial and industrial.

In addition, there are eleven (11) proposed amendments, petitioned by the voters of the Town as follows:

1. Article V - Establishment of Districts - Table 504.1 "Ind" - Industrial, subparagraph C.3. Change lot coverage from 50% to 70%.

2. Article V - Establishment of Districts - Table 504.2 "CI" - Commercial, subparagraph C.3. Change lot coverage from 50% to 70%.

3. Article V - Establishment of districts - Table 504.4 "MDR" - Medium Density Residential, subparagraph C.1. and 2. Change minimum lot size area from 40,000 sq.ft. to 65,000 sq.ft.; frontage from 150 ft. to 200 ft.; minimum area per family from 40,000 sq.ft. to 65,000 sq.ft.

4. Article V - Establishment of Districts - Table 504.6 "LDR" - Low Density Residential, subparagraph C.1. and 2. Change minimum lot size from 80,000 sq.ft. to 110,000 sq.ft.; frontage from 150 ft. to 200 ft.; minimum area per family from 80,000 sq.ft. to 110,000 sq.ft.

5. Article V - Establishment of Districts - Add new section 519:1 Construction of Roadways and Sidewalks.

6. Article V - Establishment of Districts - Add new section 520:1 Sidewalk Requirements.

7. Article V - Establishment of Districts - Add new section 521:1 Utilities Installation.

8. Article VI - Planned Residential Development (PRD) - Paragraph 601.1, subparagraph a. and b. Change tract of land in MDR from 10 acres to 20 acres; LDR from 20 acres to 40 acres; frontage from 200 ft. to 400 ft.

Paragraph 601.3, subparagraph a. In addition to constructing roads to Town subdivision requirements, the roads must be curbed with granite on both sides of the street and bituminous concrete sidewalks are to be constructed on both sides of the street.

9. Changing the zoning designation of Main Street (Route 121A) from commercial II and I to residential, starting from the Plaistow/Haverhill line north to the Hampstead line.

10. Changing the zoning designation of a parcel of land located on Old County Road, presently to in low density and medium density residential to industrial.

11. Changing the zoning designation of a parcel of land located on the northwesterly side of Kingston Road, presently industrial to medium density residential.

A committee consisting of members from the Planning Board and Budget Committee under the guidance of Rockingham Planning Commission have been working on a capital improvement plan which will be completed in early 1995.

Respectfully submitted,

Michael L. Emmons, Chairman
Timothy E. Moore, Vice Chairman

REPORT OF CEMETERY SEXTON

1994 IN REVIEW:

We purchased a utility trailer which helped greatly in loaming lots where needed. We are constantly re-loaming and filling-in sunken areas yearly. The trailer enables us to go over lots without damage to surrounding areas.

Our tractor is thirteen years old and has had frequent repairs in 1994. We know it has to be repaired for minor maintenance in 1995 and we hope to get a couple more years of service from it. It has been a very strong worker with minimal repairs needed in those thirteen years and we intend to keep it in service as long as possible.

In 1995 our only equipment purchase will be a small commercial mulching hand mower. This will give us a second hand mulcher, the other bought two years ago, which will help greatly throughout the year and especially in the fall with leaf clean up.

In 1994 we opened a new section of the cemetery known as Section C. Though just opened, we already have several lots sold in this section. It is with great pride that we open this new area which greatly compliments the natural beauty of the surrounding cemetery.

We have annually added trees and shrubs to the new sections and this past year is no exception. We've added plants that bring color and fragrance throughout the seasons of the year. There is and can be a great joy when we visit our loved ones, knowing that they rest in this place of beauty, at one with nature.

I wish to thank those who have donated trees this past year in memory of their loved ones.

THANK YOU EVA & DENISE
THANK YOU THE FISHER FAMILY

LOOKING AHEAD IN 1995:

We have a beautiful cemetery located in the center of Plaistow with great history. Are we going to be able to provide for our people in the years ahead? I think it our duty to provide for the future as we have in the past. We have to think about expansion as the opportunities are there now. In the years ahead are we going to start a new cemetery on the other side of town? Wouldn't it be better to settle this now?

Our town is growing at an unprecedented pace. We need to lock onto and secure the available land now to insure the growth as needed in the years ahead. We continually build new houses with disregard to where these people will eventually be laid to rest. We must have foresight to plan ahead and adjust to this need.

Also, in the years ahead we will need to pave the roads at the cemetery. We do not have to do this all at once, but we should do a little every year. People should be able to pay a visit to the cemetery without getting stuck in the mud. Also it would be conducive to plowing in the winter months.

Also in the years ahead we will need a new shed with electricity to provide for equipment space for a continual twelve month operation of services.

I would recommend that we find a better alternative to our perpetual care funds than the low interest now available.

Let us get on an aggressive program into the future.

Thank you to all involved.

Respectfully submitted,

Herbert Reed, Cemetery Sexton

REPORT OF ZONING BOARD OF ADJUSTMENT

Special exceptions, variances and appeals to administrative decisions concerning the zoning ordinances of the Town of Plaistow are administered by the Board of Adjustment at scheduled meetings on the last Thursday of the month in the Town Hall.

This year Emile Langlois resigned as chairman after serving on the Board as an alternate in 1975, a regular member since 1976 and as chairman from 1983-1985 and 1988 to 1994. We wish to thank him for all the time he spent for the town and for the hours he spent studying to become informed. He still remains as a member of the Board for which we are grateful.

Cases numbered 20 this year which is down from last year when there were 31 and 1992 when there were 44. However, we have scheduled six hearings for January 1995 so it looks like things may be on the increase once again. The year 1990 was our busiest year with a total of 75 cases.

Several members of the Board attended a lecture sponsored by the N.H. Municipal Association and Regional Planning Commission to further their understanding of zoning.

We would like to report that the Cash Energy/Board of Adjustment appeal case was decided by Judge Goode of Rockingham Superior Court in our favor and a letter was received from Town Attorney Sumner Kalman applauding our certified record which we supplied to the court and the attorneys.

The Board has five regular members at this time with two alternates. Since Jay Hennigan left the Board, Alternate Barbara Burri now serves on the regular Board. Please let us know if you would like to serve on the Board to contribute your efforts to town government. We have openings for alternates.

The \$65 application fee for a hearing remains the same.

Respectfully submitted,

Lawrence M. Ordway, Chairman
Barbara Burri, Vice Chairman
Joyce E. Wright, Clerk
Donald E. Wood
Emile G. Langlois

REPORT OF THE LIBRARIAN

Library services have changed dramatically over the past decade. Technology has transformed the way that information is collected and disseminated and all libraries must use the most current technology in order to adequately serve patrons. The Plaistow Library has diligently been working to increase services to the public through technology and will continue to do so in the future.

The past year was an exciting one for the staff and the public as several new services were introduced. Most of the energy and time of the staff focused on learning and incorporating new technology into our current system of operation. It was a challenging year of growth for all of us. The public was extremely cooperative as we experimented and often changed techniques to create the most efficient method of service. The Board of Trustees, as always, was supportive and encouraging. Every step forward that the library takes is a direct result of the Board of Trustee's strong involvement and commitment to providing the best services possible within our means.

The State Library also introduced a new statewide system this past year. The Galaxy 2000 allows direct access to all library databases in the state as well as Internet, which opens up library databases across the country. An E-mail feature also is available, allowing communication with all participating libraries throughout the state. In the spring of 1995 capabilities will be in place that allow individual libraries to catalog all their new acquisitions and enter them into the state database. This will decrease our library's dependence on the State Library for cataloging and will allow purchases to be placed in circulation much sooner than before.

The State Library also has introduced "Article Express." This service features over 400 indexed magazines, complete with full text. With the use of a fax machine, the Plaistow Library is capable of receiving copies of requested articles on a same day basis. This service is free to patrons and significantly increases the availability of information for libraries that cannot afford the thousands of dollars necessary to purchase the databases individually. The State Library also continues to offer free van service to all libraries in the states, thus insuring the success of interlibrary loans. This past year the Plaistow Library had close to 400 transactions through the interlibrary loan system.

Another service the library continued to provide to the patrons was the availability of passes to the Museum of Science

and the Museum of Fine Arts in Boston. The purchase of the passes was made possible through donations and fund raising and both passes were heavily used throughout the year.

Programming for children continues to be a priority. The library is heavily used by children as evidence, through statistics, shows that over 50% of the circulation is in materials for children. Efforts are made to meet these needs through preschool story hours, holiday and theme programs, and the summer reading program. This past year the theme, "Go Undercover with Books," was very successful, with 153 children registered for the program. This past fall the children's librarian, Jan Hamilton, moved out of state and Sharon Spires replaced her. I would like to thank Jan for her seven years of service and welcome Sharon in the new position.

I also would like to welcome Martha Dickerson, Jacki Hanson and Rich Najuch. Martha joined the library staff as circulation librarian this past fall and Jacki and Rich became the student aides. The town of Plaistow is extremely fortunate to have a wonderful staff at the library and I would like to thank Jennie LeBlanc, Marge Knowles, Flo Rullo, Sharon Spires, Martha Dickerson, Rich Najuch and Jackie Hanson for their commitment and dedication to the job. It truly is a pleasure to work with them.

I would like to thank all who donated to the library in various ways throughout the year. Many hours of service were given by volunteers. Books and magazine subscriptions were donated and generous gifts of money were given for various programs and purchases. Your support is always needed and certainly welcomed!

The Board of Trustees continues to set high standards and provide an environment in which those standards can be met. I would like to thank all members of the board for their guidance, support and encouragement. My working relationship with the Board has been very rewarding and, I believe, the result is evident through the growth of library services.

It has been my pleasure to continue to serve as Library Director. I look forward to another year of challenge and growth.

Respectfully submitted,

Laurie Houlihan/Director

REPORT OF THE OFFICE OF EMERGENCY MANAGEMENT

I am happy to report that from an Emergency Management point of view 1994 in Plaistow was an uneventful year. During 1994 the director upgraded and purchased additional emergency management equipment. The department has continued to work closely with the fire and police departments on upgrading the Town's emergency management plan.

During 1994 your Emergency Management team continued to participate in State of New Hampshire community drills in order to challenge our emergency management preparation plan.

I would like to have individuals and/or organizations willing to receive the free American Red Cross shelter training contact me so that I could arrange to have training class in the near future.

In order to properly prepare for natural disasters or any other kind of emergency that would require the assistance of those in the community, it is important for those with the ability to assist to come forward and let us know who they are and what they are able to do to help during that time of need. Advance knowledge requires people to contact us before the need so that we can have a current and up-to-date list of persons to be called upon.

We are currently in need of additional personnel to man the emergency center in order to relieve those who cannot stay for the entire time of a disaster. If you could be of assistance in this manner, please feel free to telephone at (603) 382-5874 or write to me at the Emergency Management Office, 27 Elm Street, Plaistow, NH.

Respectfully submitted,

William T. Scully
Director

REPORT OF THE TREE WARDEN

1994 started early on January 3rd with an emergency tree removal on Main Street. Tamarack Tree Service removed it, while I assisted with traffic. It was done at night and must have been at least 10 below zero. Also that day, we had a tree come down on Sweet Hill Road. What a start to the new year.

There was a fairly large storm that hit on July 30th. With that came real heavy winds and a lot of rain. That day I was kept busy working with the Police Dept., Fire Dept., and the Highway Dept. going from one sight to another. The first was a tree in the road at the corner of Pollard and Congressional Roads, limbs on Ingalls Terrace, East Pine and Main Streets where there was a small tree in the road, Route 108 there was a tree across the road, on Harriman Road there were several limbs, and lastly there was a limb down on Canterbury Forest. There were scattered power outages around town that day making things even more difficult.

Over on Forest Street, we had to remove one large ash and one oak tree to make way for the new road construction and prune three other trees. The oak, sorry to say, was a den tree and when it hit the ground four baby squirrels came scurrying out of the hole. Myself, Officer Scott Anderson and crew workers from Valley Tree Service were trying to keep them out of the road. We caught one, and two ran into the woods where the crew caught up with them, and one managed to run back up another tree that was being pruned. It rode on the worker's shoulder for almost half an hour while he finished and then rode down in the bucket with him. We put all four on another tree in the woods where they squeaked and squawked until Mamma finally came back and rounded up her brood and they headed off, I suppose, to find another tree to live in!

Other removals included an oak tree from Pollard Road, an ash from the intersection of Forest and Harriman Road, a red maple on May Ray Avenue and a dead elm on Kelley Road. There was also a monster spruce tree in the cemetery taken down and two large maples were pruned. I also gave a couple of the trees at Town hall Green a little needed pruning.

The agenda for 1995 is already busy, I have two trees scheduled; one on Forest Street and one on Davis Park. There are also two large maple trees on Town Hall Green that have to come down, I am sorry to say, on the Pollard Avenue side. I would also like to do some plantings in Davis Park.

A new red maple tree was added to Town Hall Green which will replace one of the two that must come down. It was donated

by the Trinity Temple 17 of the Pythian Sisters; Eleanor Peabody is the Most Excellent Chief. I am told by Eleanor that this is a benevolent organization. There is a marker which indicates this donation. Thank you very much to the Pythian Sisters.

I had a lot of tree calls this year from residents about town-owned trees and private ones as well. If anyone does have any questions, please don't hesitate to call and please leave a message.

Respectfully submitted,

James F. Collins
Tree Warden

REPORT OF SOUTHEASTERN N.H. HAZARDOUS MATERIALS
MUTUAL AID DISTRICT (So. N.H. Hazmat)

The Southeastern New Hampshire Hazardous Materials Mutual Aid District added an additional member in 1994. Communities represented include Auburn, Atkinson, Chester, Derry, East Derry, Hampstead, Hudson, Litchfield, Londonderry, Pelham, Salem, and Windham.

As a reminder, the purpose of the District is to prepare our communities, on a regional basis, for response to hazardous materials incidents, both with training and equipment.

The District has purchased 13 air monitoring devices; one for each community in the district. These devices measure toxic gas, and oxygen levels. The departments have already put them to good use, particularly with the increasing responses to reports of carbon monoxide detector activations in homes. The District is moving forward with the formation of a response team. Six technician team leaders have been selected to conduct research, assist member communities with planning, and develop the functional and equipment requirements for the team. The response truck and trailers, equipped with petroleum spill equipment, will shortly be in service.

The District has and will continue to move forward to meet our original goal; to provide the most cost effective manner of responding to a hazardous materials incident.

Respectfully submitted,

For the Board of Directors
Mr. Harold Berry
Selectmen, Town of Salem
Chair, Board of Directors

For the Operations Committee
Chief Alan J. Sypek
Londonderry Fire Department
Chair, Operations Committee

REPORT OF THE ANIMAL CONTROL OFFICER

We would like to thank the Town Officers and residents who worked with us during this past year.

The raccoons and skunks took a bad beating in population this past year. Many of them died during the winter hibernation which will help slow the rabies problem down.

We have a serious wild cat and homeless cat problem in town. I have trapped many cats that are wild and strays. We have sent eleven to Concord for testing and not one has tested positive.

Please license your dogs and get them rabies shots as well as your cats.

Animal Control Officers

REPORT OF THE HIGHWAY DEPARTMENT

The members of the Highway Department are Ken Crowell, Supervisor, Daniel Garlington, Foreman, Mario Mejia, Laborer, Glen Peabody, Laborer.

The Highway Department had a very busy season in the past year. A major project was construction on Forest Street starting with:

Catch Basins

We installed eight (8) complete catch basin structures and 740 feet of pipe to resolve drainage problems. The installation of these eight (8) catch basins, along with 315 that are already maintained by the town, brings the total of catch basins cleaned this year to 323.

Bell and Flynn are the leaders in the field of "hammermilling"; they started this reclamation process in 1963, their first job being Grenier Field, Manchester and Greenough Road, Plaistow in 1979. To date, they are the only company that uses this process.

420 yards of 1 1/2" gravel was provided to assure a good base before Bell and Flynn started their work. The process is started by digging down 16 to 18 feet, removing all large rocks, to prevent their rising due to frost. Everything is broken up, using 22 large hammers, three (3) times, graded out, watered and compacted, ready for hot top.

Continental Paving of Londonderry did the paving of Forest Street, at a price of \$25.25 per ton, put down complete, ready to drive on. Continental has locked this price in for another year for the Town of Plaistow. I am more than satisfied with their methods of operation; they go "BEYOND AND ABOVE THE CALL OF DUTY", to please the town.

Cold Patch

Applied 16 tons of cold patch to town roads.

Road Stripping

201,236 feet or 38.12 miles of double yellow center lines and fog lines applied to main roads. At no cost to the town, Tri State Striping installed stop bars and refurbished handicap parking in front of town hall, as well as pedestrian markings (little yellow men) in the walkways on Forest Street.

Brush Cutting

Using a rented tractor with sickle bar, we were able to cut trees, limbs, and under brush along the sides of 36 miles of roadways.

Road Salt

January through December of 1994, 836 tons of road salt (mixed with sand on a 3 to 1 ratio) have been applied to the roads. This was an increase of 168 tons over what was applied last year in the same time period. This was due to unseasonably warm days and cold nights plus heavy rains, creating black ice, slippery roads in late night and early morning hours. We also used 1300 yards of screened sand.

As I have explained in the past, salt is mixed with the sand to create traction when the roads freeze and to protect the ground water and wells.

This report would not be complete without mention of my crew, Dan, Mario and Glen. They worked very hard in a year that was very busy, with many projects scheduled for completion. If I were called away from a job site to handle another emergency, they continued on, doing their share of the work. The residents of this town, are very fortunate to have these men working for them.

Many thanks to the resident contractors that have worked tirelessly for this town, donating their time, equipment and materials. THANK YOU.

Respectfully submitted,

Ken Crowell,
Highway Supervisor

REPORT OF THE HIGHWAY SAFETY COMMITTEE

1994 was an extremely busy year for the Committee in that we are charged with the responsibility of reviewing all plans that come before the Planning Board strictly from a safety point of view. From time to time, we also receive requests from various Boards and individuals to review parking, sidewalk, speed and street lighting issues.

Because of the increased work load for the Committee and the potential for liability, we sought and received funding in the amount of \$500.00 for the Committee to hire a part-time Clerk to take professional minutes. As a result, we retained the capable services of Wendy Hutchinson of Plaistow to provide the needed support. She has admirably provided much needed accountability for a volunteer Board.

Every year, the Committee has recommended local sidewalk renovation and we think the Town has benefitted. In 1994, the Town supported a warrant article to renovate existing sidewalks within the Town Green (Pollard Park). Because of time constraints, the project was not done and we requested that the amount of money for the project be encumbered for 1995. We are not certain, as of this report, whether we will endorse additional sidewalk renovation for 1995 due to the increased tax rate. The proposed sidewalk renovation would be to the existing one on Sweet Hill from the Complex to Smith Corner Road.

In closing, we are a volunteer advisory Board representing Plaistow citizens and available to listen to recommendations on projects and ideas. As such, we are a resource for townspeople should they need us.

Respectfully submitted:

Chief of Police Stephen C. Savage, (Chairman)
Merilyn P. Senter, (Secretary)
Donald Petzold, (Fire Chief)
Kenneth Crowell, (Highway Supervisor)
Timothy Moore, (Chairman, Conservation Commission)
George Melvin, (Board of Selectmen)
Charles Blinn, (Board of Selectmen)
Ronald Charette, (Planning Board Alternate)
Leigh Komornichk, (Rockingham Planning Commission Advisor)

REPORT OF PLAISTOW AREA TRANSIT ADVISORY COMMITTEE

PATAC (Plaistow Area Transit Advisory Committee) was formed with volunteers from NH towns that neighbor Plaistow and does not receive any funding or dues from any local, state, or federal agencies. This year we held our 3rd Annual "Christmas Tour of Boston" fund raiser.

Sadly in January 1995, one of our founding members, Michael C. Weston of Danville, passed away. Mike's vision of the future and dogged persistence in getting the right people and agencies together has enabled PATAC to become successful. Mike was also a staunch advocate of the handicapped and their needs. He will be missed by all of us who knew him.

January 31, 1994, was day one of the Route 125 Commuter Bus Service from Epping, NH to Boston, MA. Between the starting point, the Epping McDonalds, and the downtown Boston termination points, only 2 intermediate stops are made. One is at the Carriage Town Plaza on Route 125 in Kingston, NH and the other is at the Plaistow Westville Road Park and Ride site at Freedom Tire. Boston termination points are Haymarket, Government Center, Park Street, St. James, and Copley Square. Upon driver request, the bus will also drop off passengers at Logan Airport. Three busses leave Epping at 6:05 a.m., 6:45 a.m., and 7:05 a.m. Monday through Friday and arrive at Haymarket at 7:35, 8:15, and 8:35 a.m. respectively. Return trips leave from St. James at 4:15 p.m., 5:15 p.m., and 5:45 p.m. arriving back in Epping at 5:50, 6:55, and 7:15 p.m. respectively. Initiation of the bus service completed Phase 1 of a 3 Phase plan.

The NH Department of Transportation will present plans to Plaistow Town Officials and hold a public hearing on their plans for the Plaistow Park and Ride facility at the Freedom Tire, Westville Road site. Current plans call to complete the facility around the late summer, early fall of 1995. When finished, Phase 2 of the 3 Phase plan will be completed. The 3rd and final Phase of the plan will be completed when the MBTA extends its commuter rail service to the Westville Road Park and Ride facility. While there is a small chance of this happening in 1995, it most likely will occur some time in 1996.

PATAC meetings are generally on the last Tuesday of the month from 7:00 to 9:00 p.m. Meeting sites rotate among the member Towns. PATAC will continue to work towards its goal of bringing intermodal transportation to all surrounding communities. We wish to thank the residents for their continuing support.

Respectfully submitted,
Timothy E. Moore, PATAC Chairman, Plaistow

REPORT OF THE RECYCLING COMMITTEE

On behalf of the Town's Recycling Committee, I want to take the opportunity to inform the Town of the activities undertaken by the Committee during the past year. It also provides me with the opportunity to thank committee members Mary Mattern, Kathy Busick, Susan Lane, and Susan Rooney for their unselfish dedication to the Town. A special thank you to all of the volunteers who assist us in the recycling efforts twice a month in all kinds of weather.

In September the Committee assisted the Town Manager in the scheduling and hosting of the Annual Household Hazardous Waste Collection Day. Manned entirely by volunteers, 447 residents from seven local towns removed 9,000 pounds of hazardous materials and 1,400 gallons of waste oil from our homes. Unfortunately despite the participation of the towns of Atkinson and Danville, the overall turnout was less than in previous years. The most likely reason being inclement weather.

The Committee wants to remind residents that we have a compost facility at the Town Landfill to handle leaves, yard rakings and clippings. Removal of these materials from our trash reduces the tonnage to our waste hauler and saves us all money.

Finally, the Town is currently negotiating a new contract for waste hauling and recycling. The Committee looks forward to the new year.

Respectfully submitted,

Lawrence Gil on behalf of the
Recycling Committee

REPORT OF THE CONSERVATION COMMISSION

During 1994 our water testing expanded by one more site, Hale Spring, to seventeen. VOC testing was done at eight of the seventeen sites. The VOC testing did not reveal any traces of Volatile Organic Compounds at any of the eight locations which include Kelley Brook at Kelley Road (before Cash Oil), Kelley Brook at Main Street, Bryant Brook at East Road, Little River at Crane Crossing Road, Little River at Kingston Road, Little River at Main Street, Little River at Route 125, and Little River at the Atkinson Town Line.

Throughout the year the Conservation Commission made several property inspections on behalf of the Selectmen and advised them on the suitability for sale. We also made a number of site inspections and reported on them to the Planning Board and Code Enforcement Officer.

For the 5th straight year Plaistow was present at the NH Association of Conservation Commissions' Annual Meeting. This is an excellent source of information about wetland issues, communications with the NH Wetlands Board, GLS mapping, and forestry issues as they might pertain to Conservation Commissions.

Respectfully submitted,

Timothy E. Moore, Chairman
Plaistow Conservation Commission

REPORT OF THE ASSESSOR

In 1994 the Board of Selectmen realized the need for a complete revaluation of the town and authorized a study committee to report back to them. This revaluation would be proposed to the voters for the 1996 tax year.

Since the Assessors's Office is the Bread and Butter of the community, the revaluation would include a software package that would allow this office to adjust certain types of property that have a decrease or increase in value due to economic conditions on a yearly basis. This type of software would enable the Assessor to defend its values at the Board of Tax and Land Appeals and Superior Court more accurately, thereby reducing the number of abatements.

In addition to the ability to update the assessments yearly, this software will provide accuracy in calculating your valuation and equity as well as uniformity between assessments.

There are a number of these companies that have the ability to provide the software and complete the revaluation. The Committee will review each of the company's software, their accuracy in performing the field work, and their ability to defend their assessments, before making any recommendation to the Board of Selectmen.

During the revaluation process, I will monitor the field work completed by the revaluation to insure that the measurements and data collected by the company is correct.

If you have any questions concerning your valuation or an exemption, please feel free to contact this office.

Respectfully submitted,

Ted Hall, Town Assessor
Certified New Hampshire Assessor

REPORT OF THE WATER DEPARTMENT

The late March 1994 replacement of the boiler for the water tower near the Process Engineering site has not worked out quite as well as we had planned. The project was laid out to utilize some of the existing equipment and it took almost a complete heating season to realize that while the system worked correctly most of the time in very cold weather the preexisting equipment would not function properly. The corrections should be completed very soon.

In 1995 we will require some major changes in the maintenance operations. The parent company for Process Engineering has decided that they no longer wish to perform the maintenance for the pump and water tower. This will require that we install our own monitoring equipment in the pump house, these will be one time expenses except for the phone line and monitoring of the signals. We expect that the transition will take place over the next few months. This is probably a good time to mention that most of the Water Department expenses are recovered from the users/businesses.

Respectfully submitted,

Donald Petzold
Water Superintendent

REPORT OF THE WELFARE DEPARTMENT

During the first eight months as the Welfare Director, I saw consistent activity within the Welfare Department. In contrast to last year's statistics, however, the numbers did not change dramatically. There were more requests for services, but in many of those cases General Assistance was not provided. Many of these cases were referred to area agencies for various services, such as the Food Pantry at Holy Angels or at Community Action in Salem. It was my intention to continue to serve the needs of the Plaistow community, but also utilize the area services, as well as the state office, for their assistance, before using the Welfare budget, whenever possible.

There were 34 new cases this year, with 17 of those cases receiving assistance for one month. Four of those cases received assistance for two or three months, while ten cases did not receive any assistance at all. 24 additional cases became re-active this year, initially opened in previous years. The General Assistance for these cases varied in length, with the majority (nine), receiving assistance for only one month.

Many phone inquiries (366), were questions about assistance as well as other area services. Of the 223 requests for assistance, only 107 cases received assistance of some type. Again, these numbers did not increase significantly from the year prior. Yet, the total amount of funds dispersed, despite this small increase, decreased.

Local charity organizations such as the Knights of Columbus and the Lions Club, in Plaistow, helped in this area by providing services and goods to many of the families in need throughout the year. In August of this year, I began meeting with the Knights of Columbus to plan the People Helping People program. This event, occurring in October and November provided many services to the people of Plaistow. Many repairs, from painting to stairwell replacement, occurred on these days thanks to many volunteers and the generous donations of Plaistow businesses. Participating in this event and working with the Knights of Columbus was a wonderful experience. It also provided an opportunity for me to become more familiar with the many residents in Plaistow that are in need of these types of services.

It is the Knights' intention to continue this service throughout the year. Therefore, any residents who may find themselves in need of their assistance, whether it be a minor or major repair, can contact me at my office for further information. My special thanks again to the Knights of Columbus, a very hard working and dedicated group of people!

The holiday season in 1994 was also a delightful experience for me, having worked with the Lions Club of Plaistow. Never before have I seen such generosity. There were over forty families who received Thanksgiving food baskets this year, and to the Lions Club I am truly grateful.

The Santa Fund, for the Lions Club in Plaistow, donated enormous amounts of gifts and gift certificates for Christmas, to over forty families as well. The expression on many of those families faces, who received these gifts, clearly showed their gratitude. Again, I am grateful to the Lions Club for their hard work and caring for these Plaistow residents.

I am also thankful for the additional support I received for those families, from the Plaistow Shaw's Store, Wal-Mart's, Avco Financial Services, the American Legion, The Fish and Game Club, and a local Brownie Group. The combined efforts of all these groups made the holiday season quite memorable.

The Town Clothing Basement received a "face lift" this summer, with much reorganizing and cleaning accomplished. It continues to be a very busy place with many people taking the free clothing for their families, and many families donating items they no longer need. The clothing basement is available to all residents and I encourage everyone to use it, as they need to, primarily during my regular office hours.

The Salem Caregivers organization continues to provide transportation to those people in need, through their Salem office. Any Plaistow resident who is in need of transportation, to doctor visits, physical therapy, or perhaps to pick up medications, can contact the Caregivers through their 800 number: 1(800)898-2589. The Caregivers are always looking for new volunteers to provide transportation to those in need, so please call them if you are interested.

During the 1995 year, I will remain available, to those residents of Plaistow, that find themselves in need of assistance; whether this be General Assistance, or perhaps referral information to the local area agencies. I hope everyone will consider this an office of information, that can be utilized by anyone that may have questions about the various services that are available within the community.

Respectfully submitted,

Carrie Chooljian
Welfare Director

REPORT OF THE BOARD OF HEALTH

The membership on the Board of Health includes the Selectmen, the Health Officer and the Health Inspector. Katherine Birdsall, Health Officer, is responsible for the general administrative functions of the Health Department; inspections of Day Care Facilities and Foster Care Homes; inspection of Food Establishments as needed and to serve as an educational resource for health-related issues.

Mary Ellen Tufts, Health Inspector, is primarily responsible for inspecting and licensing Food Service, Food Processing and Retail Food Establishments that successfully meet the standards required by the New Hampshire Rules for the Sanitary Production and Distribution of Food.

Listed below are the number of Food Establishments in each of six classes:

10	Class I	Food Service Establishments having seating for 100 and Supermarkets.
25	Class II	Food Service Establishments having seating for 25 or more but less than 100. Grocery Stores, Caterers, Mobile Van Operators and Bakeries.
29	Class III	Establishments selling only pre-packaged products, Vending Machine Operators, and Restaurants with seating less than 25 and Establishments with Take-Out Service and no seating.
0	Class IV	Video Stores, Gas Stations and Concession Stands serving Pre-Packaged Ice Cream.
2	Class V	Temporary Food Service Establishments.
6	Class VI	Non-Profit Charitable Organizations and Public Schools.
72	Total Food Establishments	

Food Establishments provided the Town of Plaistow with a revenue of \$7,709.00.

The inspection program requires that each Food Establishment be inspected twice during the licensed year and that Follow-Up Inspections be made to confirm that noted Violations are corrected.

During 1994, 4 Food Establishments went out of business and 10 new Food Establishments were opened.

WILD CAT BITES

This Department worked with the Animal Control Officer to develop Reporting Forms for reporting incidents of Rabies and also provided information sheets warning residents of the dangers in feeding or touching wild cats and other wild animals. These informational sheets were distributed to the three public schools in Plaistow. There were 11 incidents of persons being scratched or bitten by wild cats, vaccinated and unvaccinated domestic cats. This Department transported 9 euthanised cats for testing at the NH State Laboratory in Concord, NH. All were negative for rabies.

HEPATITIS B VACCINATION PROGRAM

1 Police Officer and 4 Firemen were vaccinated this year bringing the total number vaccinated since the program started to: 13 Police Officers and 30 Firemen.

GARBAGE AND TRASH DUMPSTER REGULATION

A new Health Regulation requiring that all dumpster doors be kept closed at all times except for receiving garbage and trash, was approved by the Selectmen on December 20, 1994, Posted and recovered by the Town Clerk on January 6, 1995, and was dated as effective on January 23, 1995.

Open dumpster doors and overflowing dumpsters are a health hazard for humans and pets because they attract wild animals who may be infected with the Rabies Virus.

Respectfully submitted,

Katherine Birdsall, Health Officer
Mary Ellen Tufts, Health Inspector

REPORT OF THE PARKS AND RECREATION DEPARTMENT

The Parks and Recreation Department is pleased to report that 1994 was once again a very exciting year. Through increased volunteer effort the department has been able to add to the program and enhance facilities despite the economic environment. We continue to see an increase in the numbers of people utilizing our programs. The department stands committed to offering quality programs for the residents of Plaistow and once again thanks to all of those individuals in the community whose time and effort help to make that happen. This year we would like to take the time to thank some of those individuals who were most active in helping to make some much needed changes to our facilities and programs.

Our first thank you goes to Carlene Sarty and Susan Connolly who organized the fund raising effort to replace the baseball dugouts at the Smith Field and Pollard School. In just a few short months they raised enough money to replace a total of 6 dugouts. There were many volunteers who manned concession stands during baseball games and helped with the very successful Cow Bingo project. The efforts of Jim Dever to design and construct this project is much appreciated. We want to thank Tom Vinci for his help in the removal of the old dugouts at Pollard School and Plaistow Highway Department for the removal of the old dugouts at the Smith Field. To all of you who have lent a hand THANK YOU!

A very special thank you to Susan & John Sherman, Mary Lynn Maderios and Brian Cobb for their efforts with our new Girls Softball Tournament Team. For the first time we were able to have girls in grades 7-9 play softball through the summer. They left their mark on the summer softball circuit and established themselves as one of the powerhouses in Southern New Hampshire. Much thanks to the Coaches who gave up most of their summer to work with this team. Best of Luck in 1995!

Thank you to everyone who came out in the spring to help clean up the baseball fields at Pollard School. Thanks to Paul Sickel and Mark Xenakis for the use of their equipment! Their help made the project much easier to try and complete.

You may have noticed that some much needed painting and sprucing up was completed out at Smith Field this past summer and fall. These projects were completed through the efforts of Barry Sargent and volunteers from the Mediation Program. Materials were donated by Westville Supply. Benches and picnic tables were painted and repaired, the storage shed was painted, and some general landscape projects were completed.

A new committee of volunteers established themselves in 1994 to begin work on a special town wide celebration. In 1995 the Plaistow Town Hall turns 100 years old! On May 27, 1995, we will celebrate this special occasion with a number of events that include: An Old Fashioned Baseball Game, Parade, Ceremonies, a Victorian Picnic, Tours of Historic Buildings by Horse and Carriage, and a Dinner Dance on the Town Hall Green! There will be much information available at Town Meeting. We are currently accepting reservations for the Dinner Dance as seating will be limited. Contact the Rec Department for details.

Along with all of these very exciting new projects we were still able to offer all of the programs the community has come to depend on. The problem we now face is being able to continue to offer these programs with the limited facilities that are available for our use. The enrollment in our programs continues to grow but the size of our facilities remains constant.

Our summer program was as successful as ever with a record enrollment once again. As the number of children signing up to participate in this program increases so does the challenge of accommodating them in our facility. We are fast approaching total capacity at our present location and the only alternative will be to begin to limit the number of children attending. In order to alleviate some of the capacity issues we face we will no longer accept registration of non-residents in the program. Some of the highlights from this past summer were trips to the ocean, a tour of Boston Garden, Atkinson Recreation joined us for a field day, trips to the movies when it rained and cookouts are just some of the exciting events that were a part of the program this past summer. Through much hard work our staff set some challenging goals for themselves this past summer. They were committed to offering new activities in addition to the activities the children traditionally enjoy. The staff worked very hard researching and planning new things for the children to do and we appreciate their efforts. The dedication exhibited by our staff is what makes the program successful.

Our youth Baseball and Softball programs all continue to grow. We were able to accommodate our teams on our existing fields this year, but 1995 could be a challenge if our numbers continue to increase. We had a total of 307 children playing in our programs this year as compared to 267 in 1993. In order for these programs to be successful we rely very heavily on a great number of volunteers who are committed to the children in our community. To all of you who volunteer a heartfelt thank you from the Recreation Commission and all the children who benefit from your presence. A special thank you to Tony Manzi, Bill Bayek and Bill Klink, whose children will be moving on to other

programs, but have dedicated a great deal of time to our Baseball programs. We appreciate their efforts and will miss them. We look forward to the 1995 Baseball/Softball season that will be kicked off by a special opening day ceremony. Watch for details.

Other events held this year were our Summer Concert series, a community trip to see one of the last Red Sox games played before the strike and Old Home Day. Old Home Day got off to a rough start with wet weather but cleared for the afternoon, fireworks were postponed but well attended no less. This year we took two buses to the Red Sox game nearly doubling the number of people who have traditionally participate in that event. Our summer concerts were once again a success and the addition of a Local Talent Night will get a second chance in 1995! Let us know if you have a talent you'd like to share!

In 1995 we have plans for some new events. We will take a trip to Boston Garden to see the Disney on Ice presentation of Snow White. A new softball team for grades 2 & 3 will be offered. This summer we will hopefully see a return of performers on the Town Hall Green for the whole community to enjoy.

A project that the Recreation Department continues to look at is long range planning for the development of fields and facilities. Throughout the past year we have looked at various pieces of property to attempt to address the problems we now face. We are interested in gathering input from community members who may have expertise in the area of land development or who have a general interest in helping the department to develop new facilities.

The Recreation Commission would like to take this opportunity to thank two members who stepped down this year. Bill Rees and Mark Xenakis have been a tremendous asset to the Parks and Recreation programs in this town. Their level of dedication and commitment to help develop quality programs for the Town of Plaistow will be greatly missed. We thank them for all of their time and energy.

A personal thank you from the Director to all of the Town Hall employees who have been so cooperative in allowing use of their work stations! Your patience, understanding and willingness to work with (around) me is much appreciated! You are all a pleasure to work with and make what could be a very frustrating situation tolerable! Thanks!

The Parks and Recreation Department welcomes your input. We are always looking for new ideas for programs and activities. If you have a suggestion please feel free to contact the

Recreation Department or one of the Recreation Commission Members. We look forward to working with the community of Plaistow in the coming year.

Respectfully submitted,

Dianne A. Nye, Director

REPORT OF PLAISTOW HISTORICAL SOCIETY, INC.

The Historical Society has continued to expand and update the museum housing facility. The Society has contracted with Bay State Gas in an energy conservation program. The company will pay half the cost of upgrading the insulation requirements of the building which is determined by an engineering firm audit. We have agreed to this and are waiting for the work to be done which involves the top floor only. We have increased our heating and cooling plant capabilities which will give us a tolerable work atmosphere as well as fulfilling the preservation requirements of temperature and humidity.

We have installed ultraviolet shielding on all our fluorescent lighting and all the windows to better protect and preserve our displays from harmful rays. New museum furnishings include air circulation fans, metal flat files, metal storage shelving and two glass showcases to replace one large unrepairable showcase. These in-house improvements have been funded by the untiring efforts of our devoted members in numerous fund raising efforts. Notably - the annual "Old Home Day" celebration, Edward McKenzie's book, "The Hills of Plaistow" which was funded in part by the McKenzies, the Stanwood Johnsons and the Society and the new, "Historic Society 1995 Calendar" which is also widely accepted. These activities aid us in funding our annual scholarship of a Timberlane High School graduate continuing the study of history or related field in a school of higher learning.

Society members continue our basic programs of recording, preserving and displaying the history of Plaistow, its people and their legacy. We continue to receive photographs, family heirlooms, old picture postcards, etc. We have photographs and video tapes of present changes taking place in Plaistow. Yesterday's events are history today. Help us preserve these for tomorrow. We have former residents visit the museum from all over these United States. We will endeavor to be open more frequently. Come visit.

Respectfully submitted,

TOWN OF PLAISTOW

TOWN WARRANT

1995

TOWN WARRANT

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF PLAISTOW, IN THE COUNTY OF ROCKINGHAM IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

YOU ARE HEREBY NOTIFIED TO MEET AT THE POLLARD SCHOOL IN SAID PLAISTOW ON TUESDAY, THE FOURTEENTH OF MARCH, NEXT, AT 8:00 O'CLOCK IN THE FORENOON UNTIL 8:00 O'CLOCK IN THE AFTERNOON TO ACT ON THE FOLLOWING ARTICLES

(1 THROUGH 21):

FURTHER

YOU ARE HEREBY NOTIFIED TO MEET AT THE TIMBERLANE REGIONAL HIGH SCHOOL IN SAID PLAISTOW ON SATURDAY, THE EIGHTEENTH OF MARCH, NEXT AT 10:00 O'CLOCK IN THE FORENOON TO ACT ON THE FOLLOWING ARTICLES (22 THROUGH 41):

1. To choose all necessary Town Officers for the ensuing year.

2. Are you in favor of decreasing the board of selectmen to three (3) members? Pursuant to RSA 41:8b,c, and d. The effective date and manner of the decrease would be as stated in RSA 41:8e. (By petition of Darrell W. Britton and others).

Yes No

3. Are you in favor of the adoption of Amendment No. 1 as proposed by the planning board for the town zoning ordinance as follows:?
DELETE subsection I2. In-Law Apartments in 200:1 (Definitions).
AMEND Section 200:1 (Definitions) to include the following:
I2. Industry (Small) - A light industry involved in assembling components and/or parts packaging which has its operations done entirely in a building not to exceed 10,000 square feet. Building size is inclusive of primary building and all accessory use buildings. Truck terminals are specifically excluded.
P1. Park and Ride Lot (Multimodal) - An area of land used to integrate public and private transportation and to promote the use of carpooling, vanpooling, and public transportation. Multimodal park and ride lots must provide facilities for bicycles, cars, and one or more of the following: buses, trains.

Yes No

4. Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for the town zoning ordinance as follows?:
AMEND Table 504.2 (Commercial I, Uses Permitted) as follows:
ADD #19. "Small Industry" and #20. "Multimodal Park and Ride Lots" as permitted uses:
RENUMBER "Uses, Allowed by Special Exception" commencing with #19.
"Care and treatment of animals"

Yes No

5. Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for the town zoning ordinance as follows?:
AMEND ARTICLE VI - Planned Residential Development (PRD) as follows:
601:1a. General Requirements.
DELETE "except in Low Density Residential Districts, where the ownership shall be twenty (20) acres in size;"
601:2 Specific Design Requirements
DELETE 601:2b.(2) "A preliminary subdivision plan by the conventional subdivision method may be required as a submission to substantiate the above."
RENUMBER 601:2b.(3) to (2)
ADD a new subsection "h. Each dwelling must be served by its own driveway."
AMEND 601:2e. - as follows: "No building or structure in the PRD shall be located closer than fifty feet (50') to the PRD perimeter in an MDR district and one hundred feet (100') in an LDR district (or closer than one hundred feet (100') to a town road network in all districts.)."
DELETE 601:4 Area Requirements and Setbacks - in its entirety.
Duplicated in other sections.

Yes No

6. Are you in favor of Amendment No. 4 as proposed by the planning board for the town zoning ordinance as follows?:
AMEND ARTICLE VIII Signs, 800:2:2c. Free-standing signs, to read as follows:
"The Building Inspector may grant a permit for a single sign for a single business provided the sign is in keeping with the intent expressed in this Article and provided its dimensions are the same as those required for an attached single sign of no more than thirty (30) square feet, as stated in subsection 800:2:1 above."
RENUMBER Article VIII. Signs to Article IX. Signs.

Yes No

8. Are you in favor of Amendment No. 6 as proposed by the planning board for the town zoning ordinance as follows:?

RENUMBER Article IX Home Occupation to Article X Home Occupation.

AMEND Article IX Home Occupation as follows:

Section 1000. Home Occupation. Business uses secondary to the home may be permitted, by special exception from the Zoning Board of Adjustment, to allow a place of work within their legal residence for persons employed in one of the following professions, occupations or trades:

1. Lawyer, doctor, clergyman, real estate agent, insurance agent or similar recognized profession.

2. Artist, Craftsman, Daycare.

3. Tradesman or repairman.

1000:1 Such business use shall not be injurious, noxious or offensive to the neighborhood by reason of emission of odor, fumes, dust, smoke, vibration, noise or other cause.

1000:2 The residential use is established prior to the business use.

1000:3 The business use is conducted within the residential building and does not exceed 23% of the total normal living area of the residence. The normal living area is defined as that portion of the residential building of living room/s, kitchen/s, dining room/s, family room/s, den/s, laundry room/s and bedroom/s.

1000:4 The business use does not change the residential character of the dwelling and the property.

1000:5 Not more than one sign or other advertising device is to be displayed on the property and it shall not exceed a size of three (3) square feet.

1000:6 Not more than one person not residing in the home is to be employed on the premises at the same time.

1000:7 Sufficient off-street parking for the employee, clients and customers is to be provided.

1000:8 Not more than one business use will be conducted on the property.

1000:9 The business shall not be contrary to any covenants of conditions contained on the deed to the property.

1000:10 Special exceptions granted under this ordinance are intended to allow for a specific business use by the current residents and as such, shall not be transferable to subsequent occupants. To apply for an exception, the proper forms must be filled out and returned to the Zoning Board. The applicant is required to provide:

1. A sketch and/or drawing of the floor plan of the residence, clearly showing the dimensions of the living area and the area to be used for the business and plot plan of the property showing provisions for off-street parking.

7. Are you in favor of Amendment No. 5 as proposed by the planning board for the town zoning ordinance as follows:?

ADD a new ARTICLE VIII: IN-LAW APARTMENTS as follows:

Section 800. In-Law Apartments.

800:1 Purpose. The purpose of the in-law apartment is to provide a housing alternative for a family member(s), while maintaining the health, safety and neighborhood esthetics and quality.

Section 801. General Requirements.

801:1 General Requirements. In-Law Apartments are allowed by special exception if they comply with the following:

a. The in-law apartment shall be designed so that the appearance of the building remains that of a single family dwelling. Any new entrances shall be located on the side or in the rear of the building.

b. The single family dwelling shall not be a mobile home or condominium.

c. The size of the in-law apartment shall be between 400 to 800 square feet.

d. The dwelling to which an in-law apartment is to be added must be, and continue to be, owner-occupant for the 12 month calendar year preceding the date of application. The 12 month requirement for owner residency need not apply in cases of title transfer or home construction.

e. Only one bedroom is permitted in the in-law apartment.

f. In no case shall there be more than two (2) people residing within an in-law apartment.

g. The structure and lot shall not be converted to a condominium or any other form of legal ownership distinct from the ownership of the existing single family dwelling.

h. Prior to granting a special exception by the ZBA, the owner shall provide, as part of the ZBA case file, the following:

(1) Evidence to the Building Inspector that septic facilities are adequate for both units according to the standards of the Town and the N.H. Water Supply and Pollution Control Division. If deemed necessary by said Inspector, such evidence shall be in the form of certification by a State of N.H. licensed septic system designer. Also the owner shall provide evidence that there is adequate potable water according to the standards of the State of New Hampshire. The Building Inspector then shall indicate his approval in writing to the ZBA.

(2) A floor plan of one-quarter inch (1/4") to the foot scale showing the proposed changes to the building.

(3) A sketch plan (drawn to scale) of the lot, with existing and proposed structures and parking.

i. All utilities in the in-law apartment shall use the existing utility meters.

j. If a home that had a special exception permit for an in-law apartment is sold, then said permit shall cease.

k. Once the need for an in-law apartment ceases, the in-law apartment will no longer exist, this means specifically it may not be rented to other persons.

Yes No

2. A copy of your deed must be submitted to the Board when applying for an exception.

3. An accurate list of abutters and mailing addresses.

1000:11 Before a permit is granted, mandatory building inspections shall be made by the Code Enforcement Officer if the public is to be served at the proposed location or if hazardous materials are to be stored there. In addition, a formal site plan review may be required if deemed necessary.

1000:12 Periodic inspections of the home occupation premises may be required subsequent to the issuance of a permit in order to confirm compliance with the conditions of the original special exception granted. If, in the opinion of the Code Enforcement Officer, the business practices originally set forth and defined in the initial approval have changed, the Board of Selectmen shall revoke the permit that was issued. Permit holders whose permits are revoked may make application to the Board of Adjustment for a new permit based on the changed circumstances of the home occupation.

Yes No

9. Are you in favor of Amendment No. 7 as proposed by the planning board for the town zoning ordinance as follows:?

RENUMBER and CLASSIFY current zoning regulations for the purposes of orderly reference.

Yes No

10. Are you in favor of Amendment No. 8 as proposed by the planning board for the town building codes as follows:?

RENUMBER No. 11 Well Permit to No. 12 Well Permit and

ADD new fees as follows:

AMEND Article VI (PLANNED RESIDENTIAL DEVELOPMENT - PRD),
Section 601:1, (General requirements) a., b., and 601:3(Roadways)a.

CHANGE 601:1a To Read

The tract of land in single or consolidated ownership at the time of application shall be at least twenty (20) acres in size except in the Low Density residential districts, where the ownership shall be forty (40) acres in size; and the plan shall be subject to approval by the Planning Board under their subdivision and site plan review regulation for the town of Plaistow.

CHANGE 601:1 b. To Read

Minimum frontage of the PRD shall be four hundred (400) feet, which may include two (2) separate private rights-of-way onto an existing public street provided no access is less than 50 feet in width.

CHANGE 601:3 a. To Read

All roadways will be constructed to town subdivision requirements. In addition, all roadways will be curbed with granite on both sides of the streets and bituminous concrete sidewalks will be constructed on both sides of streets.

(Not recommended by the Planning Board) Yes No

19. Are you in favor of Amendment No. 17 as proposed by PETITION OF 32 CITIZENS of the Town of Plaistow for the town zoning ordinance as follows:?

AMEND Section 501:1 Article V: (Establishment of Districts and District Regulations) fourth line to read "1995" rather than "1994" to accommodate the following:

To change the zoning of the following described area from Commercial I and Commercial II to Residential:

Starting at the southerly Plaistow/Haverhill Line, proceeding north on route 121A to the Plaistow/Hampstead town line. From Plaistow/Haverhill line it is now 300 feet from the center line of Route 121A to North Avenue; Commercial II. From North Avenue to Maple Avenue it is 500 feet from the center line of Route 121A. Starting 500 feet back from the center line of Route 125 to Hampstead Line. Existing Businesses in this area would be pre-existing, non-conforming use and therefore not affected by these changes.

(Not recommended by the Planning Board) Yes No

20. Are you in favor of the adoption of Amendment No. 18 as proposed by PETITION OF 26 CITIZENS of the Town of Plaistow for the town zoning ordinance as follows:?

AMEND Section 501:1 of Article V: (Establishment of Districts and District Regulations) fourth line to read "1995" rather than "1994" to accommodate the following:

To change the zoning of the following described area from LOW DENSITY RESIDENTIAL and MEDIUM DENSITY RESIDENTIAL to INDUSTRIAL:

Beginning at a point on the northerly side of Old County Road at land of now or formerly Nancy E. Evans and at the center line of a brook known as "Camel Hill Brook", thence meandering by said brook in a northwesterly direction by now or formerly Evans and Town of Plaistow a distance of 843' +/-, thence in a southwesterly direction a distance of 110' +/- to land of now or formerly BHC Development Corp., thence by BHC in a northwesterly direction a distance of 610' +/-, to other land of BHC, thence in a northeasterly direction a distance of 115' +/- to land of now or formerly Keene, thence by land of Keene in a southeasterly direction a distance of 437' +/- to land of now or formerly Town of Plaistow, thence by Town of Plaistow in a southeasterly direction a distance of 225' +/-, thence by same land in

a northeasterly direction a distance of 487'+/- to other land of Town of Plaistow, known as the Town Landfill, thence by the Town Landfill in a southeasterly direction a distance of 165'+/- to center line of existing Exeter & Hampton Electrical Easement and other Industrial Land of Fieldstone Meadows Realty Trust, thence in a southwesterly direction a distance of 919'+/- by the center line of Exeter & Hampton Easement and Fieldstone Meadows, thence in a southeasterly direction a distance of 264'+/- by center line of Exeter & Hampton Easement and Fieldstone Meadows to Old County Road, thence by Old County Road along a curve to the left with a radius of 300'+/-, a distance of 103'+/-, thence still by the same road in a northwesterly direction a distance of 49'+/- to the point of beginning.

(Recommended by the Planning Board)

Yes No

21. Are you in favor of adoption of Amendment No. 19 as proposed by PETITION OF 39 CITIZENS of the Town of Plaistow for the town zoning ordinance as follows:?

AMEND Section 501:1 of Article V: (Establishment of Districts and District Regulations) fourth line to read "1995" rather than "1994" to accommodate the following:

To change the zoning of the following described area from INDUSTRIAL to MEDIUM DENSITY RESIDENTIAL:

Beginning at a point at the northeasterly corner at Kingston Road and now or formerly Clarke, thence running in a southwesterly direction by Kingston Road 80.13', thence by now or formerly Johnson a distance of 31.42', along a curve to the left having a radius of 20.00', and still by Johnson in a northwesterly direction a distance of 180.00', thence by now or formerly Johnson in a southeasterly direction 539.27' to the Boston & Maine Corp., thence by the Boston & Maine Corp. 270.65' along a curve to the right having a radius of 8455.00', and still by Boston & Maine Corp. in a southwesterly direction 570.80' to now or formerly Exeter & Hampton Electric Co., thence by now or formerly Exeter & Hampton Electric Co. in a northwesterly direction a distance of 300.88' to now or formerly Town of Plaistow, thence by now or formerly Town of Plaistow in a northeasterly direction a distance of 273.24', still by the Town of Plaistow in a northwesterly direction a distance of 633.28'+/- to the center line of "Little River", thence meandering northeasterly by Little River 579'+/- to now or formerly Russell, thence by Russell in a northeasterly direction a distance of 270'+/- to now or formerly Clarke, thence by Clarke in a southeasterly direction a distance of 32.45' to a curve, thence a distance of 144.40' along said curve to the left, having a radius of 101.08", thence in a southeasterly direction 559.43' to a curve, thence a distance of 31.42' along a curve to the left, having a radius of 20.00', to Kingston Road and point of beginning, (the last four courses all by land of Clarke).

(Recommended by the Planning Board)

Yes No

22. To see if the Town will vote to accept the New Hampshire Department of Transportation Highway Block Grant in the amount of Ninety-One Thousand Seven Hundred Seventy-Five Dollars and Ninety-Seven Cents (\$91,775.97) for maintenance, construction and reconstruction of Class IV and V roads in accordance with Chapter 235 of the New Hampshire Revised Statutes Annotated and appropriate said sum for local highway maintenance.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

23. To see if the Town will vote to raise and appropriate the sum of Thirty-Seven Thousand Five Hundred Twenty-Five Dollars (\$37,525.00) for Phase 2 repairs of brickwork and other Phase 2 exterior repairs to the Town Hall.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

24. To see if the Town will vote to raise and appropriate the sum of Six Thousand Eight Hundred Dollars (\$6,800.00) which represents salary, fringe benefits, uniforms, and equipment for an additional full-time Police Officer position beginning November 1, 1995, contingent on notification of award of Federal Police Hiring Supplement Grant (a three-year, 75% - 25% matching grant).

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

25. To see if the Town will vote to raise and appropriate the sum of Nine Thousand Dollars (\$9,000.00) for computer hardware for an abbreviated Phase II computer plan for the Police Department.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

26. To see if the Town will vote to raise and appropriate the sum of One Thousand Four Hundred Dollars (\$1,400.00) to increase the Town Clerk's salary by One Thousand Three Hundred Dollars (\$1,300.00) from Twenty-Six Thousand Dollars (\$26,000.00) to Twenty-Seven Thousand Three Hundred Dollars (\$27,300.00). The additional One Hundred Dollars (\$100.00) is for Fica and Medicare Town payments.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

27. To see if the Town will vote to raise and appropriate Five Thousand Dollars (\$5,000.00) to the Kimi Nichols Center to help provide services to physically and mentally challenged individuals and their families.

(Recommended by the Board of Selectmen)

(Not Recommended by the Budget Committee)

28. To see if the Town will vote to raise and appropriate One Thousand Dollars (\$1,000.00) to the Aids Response Seacoast for prevention, education, and direct client services.

(Recommended by the Board of Selectmen)

(Not Recommended by the Budget Committee)

29. To see if the Town of Plaistow will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to defray the expenses of the Town Hall 100th Anniversary Celebration.

(By petition of Barry Sargent and others)

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

30. To raise and appropriate the sum of Thirteen Thousand Dollars (\$13,000.00) for the preparation of a comprehensive study of the southern most section of Route 125 between Old Danville Road and the Massachusetts border. This study will review and assess existing mobility and safety constraints in the study area; estimate and analyze travel conditions for future planning horizons; and develop recommendations and prepare conceptual design plans with estimated costs. This study and the resulting plans and cost estimates will allow Plaistow to apply for State and Federal funds. Such funds are routinely allocated to Plaistow but traditionally move to other communities that have proposed projects in the Transportation Improvement Program. Plaistow currently has \$350,000.00 of unused federal funds, accumulating at a rate of \$50,000.00 per year.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

31. To see if the Town will vote to raise and appropriate the sum of Twelve Thousand Two Hundred Twenty-Nine Dollars (\$12,229.00) for the teamsters Contract (Police) as ratified by the Board of Selectmen and voting employees and further approve a sum of Seven Thousand Five Hundred Thirteen Dollars (\$7,513.00) which is the additional effect of this agreement on fiscal year 1996.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

32. To see if the Town will vote to raise and appropriate the sum of Six Thousand Three Hundred Seventy-Nine Dollars (\$6,379.00) for the American Federation of State, County, and Municipal Employees Contract as ratified by the Board of Selectmen and voting employees and further approve a sum of Five Thousand Three Hundred Ten Dollars (\$5,310.00) which is the additional effect of this agreement upon wages and benefits for fiscal year 1996.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

33. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriation of same.

34. To see if the Town of Plaistow will vote to ratify the 1994 Warrant Article #32 and conform its adoption to State Statute determining to elect its Planning Board pursuant to RSA 673:2, II (b). Said Statute states "The local legislative body may decide by majority vote at the town meeting, that planning board members shall be elected according to either the procedure in subparagraph (1) or subparagraph (2). The wording on the ballot of any referendum for the adoption of RSA 673:2, II (b) (1) or (2) shall specifically state which procedure for electing planning board members is being voted upon. Following the majority vote at town meeting, planning board members shall be elected as follows:

(1) The Selectmen shall choose one selectman as an ex-officio member and the remaining planning board positions shall be filled at the next regular town election pursuant to RSA 669:17. Thereafter, a planning board member shall be elected for the term provided under RSA 673:5, II; or

(2) The Selectmen shall choose one selectman as an ex-officio member and the remaining planning board positions shall be filled on a staggered basis at the subsequent regular town elections pursuant to RSA 669:17 as the term of an appointed member expires, until each member of the board is an elected member. The maximum number of elections to occur annually shall be as provided in RSA 673:5, II. When each planning board member is an elected member, such member shall be elected for the term provided in RSA 673:5, II."

35. To see if the Town will vote to accept Collins Court as a public way.

(By petition of Robert C. Senter, Sr., and others)

36. To see if the Town will vote to accept Harmony Way as a Town Road.

(By petition of Robert C. Senter, Sr. and others)

37. To see if the Town will accept Tuxbury Road.

(By petition of William C. Hubbard and others)

38. To see if the Town will vote to authorize the Selectmen to sell to John Wilder a parcel of land-locked land of approximately 2 acres, north of Old County Road, abutting the south side of the Town Landfill, described on Assessors Map 52, Block 1, Lot 1 for the sum of Five Hundred Dollars (\$500).

If he purchases this land, John Wilder and his heirs and assignees will indemnify and hold harmless the Town of Plaistow, NH from any pollution that may runoff now or in the future from the Town's Landfill site onto parcel of 52-1-1.

(By petition of Daniel L. Johnson and others)

39. To see if the Town will vote to authorize the Board of Selectmen to dispose of surplus personal property by public auction, sealed bid or in any manner that is in the best interest of the Town.

40. To see if the Town will vote to accept the funds for perpetual care of lots in the cemetery to be paid over to the Trustees of the Trust Funds.

41. To see if the Town will vote to accept, as submitted, the reports of the Agents, Auditors and other officers and committees thereby appointed.

Given under our hands and seal this 24th day of February in the year of our Lord, One Thousand Nine Hundred and Ninety-five.
